Their interactions are primarily professional and platonic. Despite occasional close teamwork and mutual respect, their romantic lives have remained separate within comic book storylines.

This lack of romantic pairing can be attributed to several factors:

- **Established Relationships:** Both characters have well-established romantic histories with other characters that dominate their personal stories.

- **Storyline Focus:** Marvel writers have traditionally focused on their individual character development rather than pairing them together.

2. **Legal Drama Elements:** Their legal expertise adds depth and realism to Marvel's depiction of the hero community.
3. **Potential for Future Storylines:** Their established rapport leaves room for writers to explore new dimensions of their relationship in future comics.
