

# mass general brigham phone number

**mass general brigham phone number** is an essential piece of information for patients, caregivers, and anyone seeking medical services or support from one of the leading healthcare systems in the United States. Mass General Brigham is a renowned nonprofit healthcare system that encompasses multiple hospitals and care centers, offering a wide range of medical services including primary care, specialty care, research, and education. Knowing the correct contact details, including the mass general brigham phone number, facilitates quick access to appointments, patient support, billing inquiries, and emergency services. This article provides an in-depth guide on how to find and use the mass general brigham phone number, details on specific departments, and tips for efficient communication with their healthcare team. Whether you need to schedule a consultation or have questions about your treatment, understanding the available contact options is crucial. The following sections will cover the main contact numbers, department-specific lines, appointment scheduling, billing inquiries, and additional resources.

- Main Contact Numbers for Mass General Brigham
- Department-Specific Phone Numbers
- Scheduling Appointments via Phone
- Billing and Insurance Contact Information
- Additional Resources and Support Lines

## Main Contact Numbers for Mass General Brigham

Mass General Brigham operates a comprehensive network of hospitals and outpatient centers throughout Massachusetts. The primary mass general brigham phone number is designed to connect patients and families to a centralized system capable of routing calls to the appropriate department or facility. This central contact number serves as the first point of contact for general inquiries, appointment scheduling, and patient support services.

Using the main phone number ensures that callers can access Mass General Brigham's extensive healthcare services without needing to know specific extensions or direct lines. Receptionists and automated systems help triage calls efficiently, directing patients to specialists, billing offices, or medical records departments as needed.

## Primary Phone Number

The primary mass general brigham phone number is:

- **Mass General Brigham Main Line:** 617-726-2000

Calls to this number are answered by trained operators who can assist with general questions, provide directions, and connect callers to the right department or service line.

## Emergency Contact

In the event of a medical emergency, it is critical to dial 911 immediately. Mass General Brigham facilities have emergency departments ready to provide urgent care, but emergency services must be contacted directly for prompt assistance.

## Department-Specific Phone Numbers

Mass General Brigham includes various hospitals and specialty centers, each with dedicated phone lines to streamline communication. Patients seeking specific services or departments can use these direct numbers to bypass the main switchboard and connect with specialized staff.

### Massachusetts General Hospital

Massachusetts General Hospital (MGH), a flagship hospital within the Mass General Brigham system, provides numerous specialty clinics and services. Its dedicated phone numbers include:

- MGH Main Switchboard: 617-726-2000
- Appointments and Scheduling: 617-726-2002
- Patient Billing: 617-726-2711
- Medical Records: 617-726-3000

### Brigham and Women's Hospital

Another key institution within the Mass General Brigham network is Brigham and Women's Hospital (BWH). The hospital provides a range of specialty care options, with key contact numbers including:

- BWH Main Line: 617-732-5500
- Appointment Scheduling: 617-732-6600
- Billing and Insurance: 617-732-5326
- Medical Records Department: 617-732-9000

## **Specialty Departments**

Many specialty departments have their own contact numbers to facilitate direct communication. Examples include:

- Cardiology Department: 617-726-5600
- Oncology Services: 617-726-2111
- Neurology Department: 617-726-5000
- Pediatric Services: 617-724-4000

Patients should verify the appropriate number for their specific care provider or department when possible to ensure efficient service.

## **Scheduling Appointments via Phone**

Scheduling medical appointments at Mass General Brigham can be done conveniently by calling the appropriate department or specialty clinic. The mass general brigham phone number system is designed to offer flexible scheduling options including new patient appointments, follow-ups, and consultation requests.

## **How to Schedule an Appointment**

To schedule an appointment, callers should have relevant personal information ready, such as:

1. Patient's full name and date of birth
2. Insurance information
3. Referring physician's name (if applicable)
4. Preferred dates and times for the appointment

## 5. Reason for visit or symptoms

Providing this information helps operators or automated systems match patients with the appropriate healthcare provider and find the earliest available appointment slot.

## Appointment Confirmation and Rescheduling

Patients can also call the mass general brigham phone number to confirm or reschedule existing appointments. It is recommended to notify the scheduling office as soon as possible if a change is needed to avoid cancellation fees or delays in care.

## Billing and Insurance Contact Information

Mass General Brigham's financial services team manages billing inquiries, insurance claims, and payment processing. Patients can use specific phone numbers to resolve billing questions, verify insurance coverage, or set up payment plans.

## Billing Department Phone Numbers

- Massachusetts General Hospital Billing: 617-726-2711
- Brigham and Women's Hospital Billing: 617-732-5326
- General Billing Support: 617-726-2000 (main line for routing)

## Insurance and Payment Assistance

Financial counselors are available to help patients navigate insurance benefits, understand bills, and explore financial assistance programs. Calling the billing department directly ensures access to trained representatives who can provide personalized support.

## Additional Resources and Support Lines

Beyond clinical and billing contacts, Mass General Brigham offers various support services accessible by phone. These include patient advocacy, interpreter services, and health information helplines.

## **Patient Advocacy and Support**

Patient advocates assist with concerns related to care quality, communication with healthcare providers, and hospital policies. The patient advocacy phone number is:

- Patient Advocacy: 617-726-8682

## **Interpreter Services**

For non-English speakers or patients requiring language assistance, Mass General Brigham provides interpreter services accessible via phone during appointments and consultations.

## **Health Information and Nurse Advice Lines**

Patients seeking medical advice or health information can call dedicated nurse helplines for guidance on symptoms, medication, and next steps for care.

- Nurse Advice Line: 617-726-2222
