History and Origin of Our Lady of Good Health Vailankanni

The devotion to Our Lady of Good Health, vailankanni, originates from the small village of Vailankanni in Tamil Nadu, India. The site gained fame due to several reported Marian apparitions during the 16th and 17th centuries. According to tradition, the Virgin Mary appeared to a young boy delivering milk, to a crippled buttermilk vendor, and later to Portuguese sailors, offering comfort and miraculous healing. These events laid the foundation for the establishment of the Basilica of Our Lady of Good Health, which has since become a major pilgrimage destination attracting millions annually. The historical narratives surrounding these apparitions emphasize Mary's compassionate intercession as a healer and protector, which forms the core of the novena devotion.

Apparitions and Miracles

The first apparition is said to have occurred when the Virgin Mary appeared to a young Hindu boy carrying milk for his mother. She requested some milk for her son, which was interpreted as a sign of her maternal care. The second apparition involved a crippled boy who was miraculously healed after praying to Mary. Finally, a group of Portuguese sailors caught in a violent storm prayed for Mary's protection and were safely guided to shore. These miracles solidified the reputation of Our Lady of Good Health as a source of divine healing.

Establishment of the Basilica

The basilica at Vailankanni was constructed in the 16th century and has been expanded over the centuries to accommodate the growing number of pilgrims. It stands as a symbol of faith and hope, with its annual feast attracting devotees from all over the world on September 8th, known as the Feast of the Nativity of Mary.

Significance of the Novena to Our Lady of Good Health Vailankanni

The novena to Our Lady of Good Health Vailankanni is a nine-day prayer devotion that reflects the faithful's trust in Mary's intercession for healing and protection.
