Seating and Cabin Layout

The Turkish 777-300er business class cabin is designed to maximize passenger comfort and privacy. The aircraft typically features a 2-3-2 seating configuration in business class, offering ample space and direct aisle access for most seats. Each seat converts into a fully lie-flat bed, allowing passengers to rest comfortably during long flights. The seats are equipped with adjustable headrests, lumbar support, and generous legroom to enhance the travel experience.

Lie-Flat Seats and Comfort Features

Passengers in the Turkish 777-300er business class enjoy lie-flat seats that recline to a 180-degree angle, providing an ideal sleeping position. The seats come with high-quality padding and ergonomic design to reduce fatigue. Additional comfort features include memory foam cushions, ample storage compartments, and adjustable lighting. Privacy dividers between seats help create a more personal space, suitable for work or relaxation.

Cabin Ambience and Design

The cabin environment in the business class section is crafted with soothing colors, soft lighting, and elegant finishes. Turkish Airlines uses mood lighting technology to adjust the cabin atmosphere based on the time of day, helping passengers adapt to different time zones. The layout ensures a quieter and more exclusive environment compared to economy class, with attentive cabin crew service enhancing the overall ambience.

In-Flight Dining Experience

One of the highlights of flying Turkish 777-300er business class is the exceptional in-flight dining. Passengers can expect a sophisticated menu featuring a blend of international cuisine and traditional Turkish flavors. Meals are prepared with fresh ingredients and presented with attention to detail, mirroring fine dining standards on the ground.

Gourmet Menu Options

The business class menu includes multiple courses with options for appetizers, main courses, and desserts. Passengers can choose from a diverse selection of dishes catering to various dietary preferences, including vegetarian, vegan, and gluten-free options. Turkish Airlines partners with renowned chefs to curate seasonal menus that showcase regional specialties and global favorites.

Beverage Selection

The beverage service complements the meals with a wide array of wines, champagnes, spirits, and non-alcoholic drinks. Turkish 777-300er business class offers premium wines, carefully selected to pair perfectly with the menu. Additionally, freshly brewed Turkish tea and coffee are available throughout the flight, adding a cultural touch to the experience.

Entertainment and Connectivity

Entertainment options on the Turkish 777-300er business class are extensive, providing passengers with a variety of ways to stay engaged and relaxed. The in-flight entertainment system features a large personal screen with a user-friendly interface, offering access to movies, TV shows, music, and games.

Personal Entertainment System

Each business class seat is equipped with a high-definition touchscreen monitor, noise-canceling headphones, and a wide selection of content in multiple languages. Passengers can customize their entertainment choices, including the latest Hollywood releases, international films, documentaries, and children's programming. The system also includes a flight map and real-time flight information.

Wi-Fi and Connectivity Services

Turkish Airlines provides Wi-Fi connectivity on the 777-300ER, allowing business class passengers to stay connected during their flight. The Wi-Fi service supports email, messaging apps, and browsing, essential for business travelers needing to maintain productivity. Power outlets and USB ports are also available at each seat to keep devices charged throughout the journey.

Additional Amenities and Services

Beyond seating and entertainment, the Turkish 777-300er business class offers a wide range of amenities designed to enhance passenger comfort and convenience. From luxurious amenity kits to dedicated check-in counters, the airline ensures a premium travel experience at every stage.

Amenity Kits and Comfort Items

Business class passengers receive complimentary amenity kits containing high-end skincare products, eye masks, earplugs, and other essentials to improve comfort during the flight. Turkish Airlines pays particular attention to detail by providing branded pajamas on select long-haul routes and offering noise-canceling headphones for better sound quality.

Priority Services and Lounge Access

Passengers flying Turkish 777-300er business class benefit from priority check-in, security screening, and boarding. They also gain access to exclusive airport lounges, where they can enjoy complimentary food, beverages, workspaces, and relaxation areas. These lounges are designed to provide a calm environment before departure or during layovers, further enhancing the travel experience.

Booking and Frequent Flyer Benefits

Booking Turkish 777-300er business class tickets is straightforward through various channels, including the airline's official website, travel agents, and online travel platforms. Choosing business class not only guarantees comfort but also unlocks valuable frequent flyer benefits for regular travelers.

Fare Classes and Upgrade Options

The business class fare on the Turkish 777-300ER includes flexible ticketing options, allowing changes and cancellations under certain conditions. Passengers can also use miles or pay for upgrades from economy or premium economy, subject to availability. Early booking is recommended due to the limited number of business class seats on each flight.
